Standing together

No-Cost CE for Construction Insurance

The Construction Insurance Risk Education (CIRE) Program provides 23 hours of continuing education focused on helping you understand the coverage nuances that are important to contractors and helping you learn how to communicate that information using language that makes sense to contractors, even if they don't speak "insurance-ese". Unlike current construction education, CIRE is multi-media...which means that you can listen to it in between appointments.

CIRE has recently teamed up with **FIRST** Insurance Funding to provide our CIRE courses to your agency **at no cost** through **BMFCE**. This promotion is valid throughout the country, but CE is limited to approved states.

[Click here for more information about the collaboration between FIRST and CIRE](#)

Producers can take courses live and online without tests with [BMFCE](#). Visit the [CIRE page at BMFCE](#) to see if your agency is already an active [FIRST](#) customer. If not, complete the form and a [FIRST](#) representative will contact you about the CIRE education promotion and help get you set up.

The following courses are included in the Construction Insurance Risk Education (CIRE) Program:

- General Liability in Construction Part 1
- General Liability in Construction Part 2
- Pollution and Auto Coverage for Contractors
- Property and Inland Marine in Construction
- Directors and Officers and Bonding in Construction (3 hours)
- Work Comp for Contractors & Smart Home Liability and Cyber

Students receive CIRE Certification once all 23 hours of coursework are completed. CIRE Certificate holders can then offer the same courses on a prepaid basis to contractor clients (also prepaid by [FIRST](#)). As the program grows, CIRE-certified Producers and/or contractors will likely enjoy insurer credits.

Top-performing agents trust Wise Insure because our in-depth knowledge of the construction industry, our access to exclusive programs, and our relationship with our markets leads to high close ratios with high retention. We are a boutique wholesaler focused on the construction industry. We have dozens of markets and we know how to use them. Wise Insure helps top agents win more accounts and close more business.

Wise Insure, the wholesale arm of the NationWide Contractors Alliance has recently joined Novatae Risk Group (Novatae), a full-service wholesale insurance brokerage. This provides us even more resources as we help agents with their construction clients. Give us a call at 360-464-2531 or see our website at **Wise Insure** to see if we can help with your GL, XS, BR, IM, Cyber, Smart-Home Liability, or other submissions for builders and trades.
